MORE FROM GENESIS

THE DECKING & NOAH'S

Cartoon images of the ark have been created by the Bible, it depicts... believe that it was a myth or tall tale and it may have been described by the Bible, it depicts...

SIZE OF THE ARK

It is estimated that the ark was 300 metres long, 50 metres wide and 50 metres high. It was built by Noah and his sons over a period of 120 years. The ark was built on a plain of asphalt and was surrounded by a wall of gold and silver. The ark was built on a plain of asphalt and was surrounded by a wall of gold and silver. EXODUS EGYPT TO CANNAAN

At the end of Exodus we see the children of Israel... the Lord shaped the heart of a man to follow him. He is not a God who changes his mind. He is not a God who changes his mind. He is not a God who changes his mind.

ABOUT THE EXHIBITION

This Bible Exhibition is owned by non-denominational Christians who are gathered to the name of the Lord Jesus Christ at Quilly Gospel Hall, outside Magherafelt. The developer of this exhibition was a teacher who spent his most recent ten years of teaching in Dunclug College, Ballymena. With the help of Jonathan Black, who presently operates a Bible Exhibition in the greater London area, he has created the exhibition to help Primary and Secondary Schools enhance the learning experiences of their pupils in relation to the Bible and related topics.

The exhibition is displayed on panels which attractively illustrate how we got the Bible, what the Bible has to say about creation and future events and what relevance the Bible has in today's world. Linking closely to the RE Core syllabus themes of 'The Revelation of God', 'The Life of Jesus', 'The Christian Church and Morality', the Bible Exhibition is applicable to pupils studying at Key Stages 2,3 and 4.

We allow approximately 50 minutes for each tour, although this is flexible depending on group sizes and lesson timing. The classes are divided into groups of 3-6 pupils, and each group has a personal facilitator. Facilitators have undergone Access NI checks.
